Soft Close Seat

The Soft Close automatic closure system finally puts an end to noisy closing WC seats. Just a fingertip touch and the lid closes all by itself, gently and silently.

BTW CC Toilet Suite

The back to wall (BTW) close coupled (CC) toilet suite adds a streamlined, modern look to any bathroom. Positioned flush with the wall, there is no gap behind and all waste and inlet pipes are concealed, with the cistern then positioned above the bowl.

Dual Flush

A Dual flush toilet provides the user with two flushing options (Full flush & half flush). Both practical and water efficient.

A sophisticated European design that blends straight lines with sweeping curves.
