

# MODERNLIFE™

Australasia's first touchless  
flushing back to wall toilet  
with HygieneMax™ technology.

**KOHLER®**

# New Generation Touchless Technology

## A first for all home bathrooms in Australasia.

The sleek, softly contoured ModernLife™ Touchless Flush toilet suite is the next generation in hands-free technology whereby a flush sensor, positioned beneath the lid of the cistern, is activated by simply passing a hand over the top of it. Both half and full flush.

### Touchless - Dual Flushing

Simple 'wave over' sensors activate the flush, leaving fewer germs behind on your hand. Half and full flush sensors. Hand flush also available.

### HygieneMax™

Truly rimless bowl design leaves nowhere to hide for germs and dirt, ensuring optimal cleaning of the bowl.

### Bevelled Edge with KOHLER CleanCoat™

KOHLER CleanCoat™ is an innovative coating applied to the inwards sloping, ceramic bevelled edge, to ensure excess liquid beads up and falls back into the bowl.

### Vertical Quick Release™ seat

Detach the Quiet Close™ Vertical Quick Release™ toilet seat within seconds for easy and thorough cleaning.

### OPTIONAL UPGRADE to Elite Seat

The Elite Seat has the following additional features:

#### Nightlight & Scent Pack

Lighting activates at night when it detects sound while the deodoriser neutralises bathroom odours.

Hand flush button

Completely rimless technology removes areas for waste to accumulate and bacteria to grow.

The CleanCoat™ coated edge of the rimless bowl slants toward the interior of the bowl so excess liquid flows directly into the bowl without accumulating.

The seamless simplicity of the seat was designed for an ergonomically easy and hygienic wipe down.

An innovative hinge design maximises access under the seat for ease of cleaning.

Toilet Suite (WELS Rating: 4 Star, Dual flush 4.5/3L)  
Standard Seat 78469A-TF-0 / Elite Seat 77766A-TF-0
