

INSTRUCTION FOR BACKLIT LED MIRROR

Please read the instruction carefully before installation, wrong installation may lead to product damage or personal injury.

Tape measure

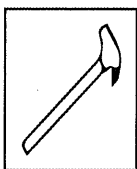

Level

Electric Drill

Screwdriver

Hammer

Installation Instruction:

1. On your wall use a spirit level to lightly pencil mark the desired position of the aluminium hanging rail.
2. Align the hanging rail with the level pencil line and mark the centre of the three holes. Remove the hanging rail and drill tight fit holes to accommodate the nylon wall plugs. (The nylon anchors are for a plasterboard wall). If drilling into tiles use appropriate drill bits and tile anchors.
3. Insert the nylon wall plugs into the drilled holes. Screw the hanging rail to the wall. (Screws go into the nylon wall plugs)
4. Gently lower the mirror onto the hanging rail.
5. Once pre-installed a qualified Electrician can hard wire the power supply into an existing light switch or a new switch.
6. Brown wire = Live wire, Green & Yellow wire = Earth wire, Blue wire = Neutral wire.

Product parameters

Input voltage:	220-240V	Input frequency:	50 Hz
Color temperature :	3000-6000k	Waterproof grade:	IP44
Light color :	Cool white / Natural white / Warm		
Material :	5mm environmental protection HD silver mirror

When the light is turned on the electric mirror demister will function.

Electrical Safety Instructions

- ⚠ Please make sure to turn off the electrical supply during installation and maintenance. It is recommended to pull out the fuse or switch off the circuit breaker before installation to disconnect the necessary circuits.
 - ⚠ DO NOT put hard and sharp materials directly against the mirror surface. This may result in damage or personal injury.
 - ⚠ Never forget to turn off the power supply in stormy days, otherwise electric components of the product could be damaged.
 - ⚠ Please turn off the power supply if the product is not used for a long time.
 - ⚠ DO NOT remove protective film or corner protectors until the mirror is completely installed.
 - ⚠ DO NOT use outdoors.
- PLEASE KEEP THIS MANUAL BOOK FOR FUTURE REFERENCE.
