Distributor's details:

Puretec water care products are designed, manufactured and supported by Puretec Pty Ltd the name you can trust for viable and proven water solutions. The complete range of Puretec products are developed, refined, made to meet and exceed stringent specifications for the worldwide market.

**Important Note:** Sales of products are subject to our Terms and Conditions which are available upon request. All specifications, information and photos are a guide only and are subject to change without notice. Please ring to confirm details. **Warning:** For correct operation it is essential to observe manufacturer's instructions. **Caution:** Do not use with microbiologically unsafe water or water of unknown quality without adequate disinfection before or after the system. Under normal circumstances a pressure limiting valve is not required. However, if incoming water pressure exceeds 600 kPa, a pressure limiting valve must be fitted prior to inlet. Maximum flow depends on cartridges, vessel, pressure, impurities etc. <sup>^</sup>3 year warranty is 1 year parts and labour, plus 2 years parts only.
