

**FILTERED SPARKLING,
CHILLED, BOILING HOT
AND STILL WATER**

THE LUXURY OF CHOICE
WITHIN YOUR HOME

WITH OVER 30 YEARS IN THE WATER FILTRATION INDUSTRY, PURETEC REMAINS A FAMILY OWNED AND RUN COMPANY WITH AN UNRIVALLED REPUTATION FOR QUALITY, INNOVATION AND RELIABILITY.

PERFECTION

We know innovation and technology is of the utmost importance to continue to deliver uncompromising quality and consistency when it comes to water filtration. Puretec water is consistent and exact because at Puretec, perfection is only just good enough.

COMMITMENT

Our philosophy of genuine commitment to quality, value and customer service ensures that your Puretec experience will be enjoyable and world class. Puretec manufactures to impeccable standards and we back this up with warranties that are the benchmark in the industry.

ESTABLISHED

Our far reaching experience has ensured that the Puretec product range is broad and leads the market. Puretec has been manufacturing and designing water filtration products since the 1980's and every year we invest in ongoing research and development.

CUSTOMER SERVICE

The Puretec team is passionate about perfecting water. Call us with questions, as we are here to help. Solutions are never far away.

We trust you will find your experience enjoyable and satisfying.

PURETEC SPARQ S SERIES WILL PROVIDE LUXURY WITHIN THE HEART OF YOUR HOME WITH FILTERED SPARKLING OR STILL, AMBIENT AND CHILLED WATER.

THE LUXURY OF CHOICE AT HOME

Treat your guests to the choice of filtered chilled, sparkling or still water and bring a little luxury into the heart of your home.

FILTERED AND CHILLED

Puretec's premium grade filtration means that you can enjoy chilled, beautiful tasting water, free from odours and chemicals.

AFFORDABLE LUXURY

The SPARQ S Series are surprisingly cost effective, it's a luxury you can afford.

A SIMPLE TOUCH ON THE STYLISH LED PANEL WILL GIVE YOU FILTERED, SPARKLING OR STILL, AMBIENT OR CHILLED WATER TO PERFECTION.

INCREASE YOUR WATER INTAKE

With sparkling water available on demand, you can spice up your daily water drinking habits. No more sugary soft drinks, just fresh clean water that you can drink all day with the SPARQ S5 & S6.

FRESH AND CLEAN DRINKING WATER

The Puretec SPARQ S5 & S6 delivers clean, clear, and beautiful tasting water, straight from the tap. You'll no longer have to put up with the smell and lingering bad taste left by the chemicals and additives in normal tap water.

SAVE MONEY, REDUCE WASTE

Reduce the number of plastic water bottles you throw away. With SPARQ S5 & S6, you can fill up your own reusable bottle with fresh, filtered sparkling or still water, anytime.

PURETEC SPARQ S SERIES, EASY TO USE AND EASY TO MAINTAIN

ULTRA-Z FILTRATION SYSTEM

The Puretec advanced Ultra Z Filtration Technology finely filters water down to 0.1 micron through a specially developed three stage process. This all-in-one cartridge provides reduction of unwelcome elements in your water such as sediment, chemicals including chlorine, bad taste, odour and also protects against cysts and bacteria such as E. coli. Enjoy peace of mind knowing you've got safe, purified drinking water.

CHILLING THE WATER

The SPARQ S5 & S6 includes a built in cooling system that chills the water for a refreshingly cold drink. You can choose between ambient or chilled when dispensing still water. The sparkling water is delivered chilled only.

CARBONATION SYSTEM

Once the water has been purified, it can be delivered either sparkling or still. If sparkling water is selected, the system injects CO_2 into the water stream as it is dispensed. This gives you chilled, fresh water with just the right amount of sparkle. The CO_2 canister is easy to replace and usually lasts between six (6) to 12 months, depending on individual use.

AMBIENT

At times, you may prefer your drinking water to be at room temperature. With a touch of the button, the SPARQ S5 system instantly delivers beautiful, ambient, purified water.

SLEEK AND CONTEMPORARY

Sleek lines, elegant styling and a smart LED touch pad, makes the SPARQ S5 & S6 the perfect finishing touch to your kitchen or entertaining area.

ALERTS AND SAFETY

When the tap is active, the LED ring around the tap will be blue. Touch it once and it changes to green, ready to dispense. The LED touch pad will also alert you if the system has detected a fault. It will flash the LED lights and sounding an audible alarm from the under sink unit.

SMART LED TOUCH PAD

The SPARQ S5 & S6 features a smart LED touch pad that makes it easy to use and maintain the system.

LONGER FILTER LIFE

With Puretec's latest technology, your filter will usually last between six and 12 months. When it is time to replace it, the quick-twist system makes it easy to do it yourself.

COMPACT UNDER SINK SYSTEM

The compact and stylish under sink system has been designed to fit beneath most kitchen benches, saving you precious bench space.

QUICK INSTALLATION

The SPARQ S5 & S6 can be installed wherever there is mains water access, and the sleek filtration unit is designed to fit under most kitchen benches. The initial set up requires a visit by a qualified plumber, who should have the unit installed and ready to use in less than 90 minutes.

SPARQ-S5

A SIMPLE TOUCH ON THE STYLISH LED PANEL WILL GIVE YOU FILTERED, SPARKLING OR STILL, AMBIENT OR CHILLED WATER TO PERFECTION.

SPARKLING

With sparkling water available on-demand, you can elevate your daily drinking habits. No more sugary soft drinks, just fresh clean water that you can drink all day.

AMBIENT

The Puretec SPARQ S5 delivers ambient filtered, clean beautiful tasting water, straight from the tap. You'll no longer have to put up with the smell and lingering bad taste left by the chemicals and additives in normal tap water.
